

## Corporate Mergers

A corporate merger is a combining of corporations in which one of two or more corporations survives. There are several types of mergers with a variety of filing requirements based not only on the number of corporations merging and the type of merger, but also the domicile of the corporations merging and whether or not any foreign (out-of-state) corporations are qualified to transact business in California. There is no way to provide information and sample documents for each set of circumstances. The following definitions and samples contain basic information and requirements for the type of merger identified and are provided as guidelines only. Documents must be drafted in accordance with applicable code sections, dependent upon the particular circumstances of the corporations involved. Due to the complexity of merger transactions, it is recommended that the advice of private legal counsel, specializing in corporate matters, be sought regarding the specific needs of the merging entities.

When preparing merger documents, regardless of the type of merger, be sure the corporate name included in the documents is exactly as it appears on the records of the Secretary of State, including corporate ending, if any, punctuation and abbreviations. Prior to filing please verify the status of the corporations being merged, as merger documents **cannot** be filed on behalf of suspended/forfeited corporations. (California Revenue and Taxation Code sections [23301](#), [23301.5](#) and [23775](#).) The status of the corporation can be checked online on the Secretary of State's California Business Search at [kepler.sos.ca.gov](http://kepler.sos.ca.gov).

### Short Form Merger – Certificate of Ownership

California Corporations Code section [1110](#) allows the merger of a subsidiary corporation into the parent by a simplified procedure if the parent owns 100 percent of the outstanding shares of the subsidiary. The merger is accomplished by filing a Certificate of Ownership with the Secretary of State. A sample document follows this discussion. Two or more subsidiary corporations can be merged using a single Certificate of Ownership by adding appropriate statements in the certificate.

Either the parent corporation or one or more of the subsidiary corporations can be foreign corporations, whether or not qualified in California, as long as either the parent corporation or at least one of the subsidiary corporations is a California corporation, and the laws of the place of incorporation of the foreign corporation permit a merger to be effected in the manner provided by California Corporations Code section 1110.

While California Corporations Code section 1110 also allows a merger of a parent corporation into its subsidiary corporation and allows a merger where the parent corporation owns less than 100 percent, but at least 90 percent of the outstanding shares of each class, the statutory requirements for the filing are more complex. As the number of such filings is few compared to the number of 100 percent owned mergers, a sample of this format is not included in the information provided. For further information, refer to California Corporations Code section 1110.

## Merger By Agreement of Merger

When there is a merger by Agreement of Merger with a California corporation as the survivor, there must be filed a copy of the Agreement of Merger with a separate officers' certificate for the surviving corporation and for each merging corporation. (California Corporations Code sections 173, 1101 and 1103.) The documents should be stapled together with the Agreement of Merger on top followed by the separate officers' certificates for the survivor and for each merging corporation.

A sample of an Agreement of Merger and an officers' certificate are included and have been designed to meet minimum statutory requirements in a situation when there is only one class of shares and 100% shareholder approval is received.

It is preferable to state the basis for converting the shares of the merging corporation in terms of each share, i.e., "On the effective date of the merger, each outstanding share of common stock of the Merging Corporation shall be converted into one share of common stock of the Surviving Corporation."

## Triangular Merger

In many instances of a corporate acquisition by merger, the transaction will be structured as a merger of the corporation being acquired into a subsidiary of the acquiring corporation. This type of merger is referred to as a triangular merger and is specifically recognized in California Corporations Code section 1101. A variation on the triangular merger is the reverse triangular merger in which the subsidiary is merged into the corporation being acquired.

In a triangular merger there usually are two agreements which typically might be called "Agreement of Merger" and "Agreement of Reorganization", respectively. The Agreement of Merger is the statutory agreement drafted, executed and filed with the Secretary of State pursuant to California Corporations Code sections 1101 and 1103. The Agreement of Merger (sample attached) is intended to meet minimum statutory requirements and normally is much shorter than the Agreement of Reorganization. The Agreement of Reorganization sets forth the entire agreement of the parties. It is generally the Agreement of Merger and not the Agreement of Reorganization that is filed with the Secretary of State pursuant to California Corporations Code section 1103.

## Filing Procedures Relating To Mergers Involving Domestic and Foreign Corporations

**Foreign corporation survives the merger:** If at least one California corporation is a party (disappearing) to the merger, there are three alternatives for completing the merger filing in California. (California Corporations Code section 1108(d).)

1. Submit a certified copy of the merger document filed in the foreign jurisdiction (the certification must be made by the public official having custody over the original filed document).

- OR** 2. Submit merger documents meeting the requirements of California law, including a copy of the Agreement of Merger and officers' certificates for the surviving foreign corporation and EACH domestic merging corporation (California Corporations Code section 1103), or, if appropriate, a Certificate of Ownership (California Corporations Code section 1110).

- OR 3.** Submit an executed counterpart of the merger document filed in the foreign jurisdiction (in the form required by the laws of the foreign jurisdiction); submitter must provide proof that the merger document has been filed in the foreign jurisdiction.

If no California corporation is a party to the merger (all parties are foreign corporations), the correct filing is a [Certificate of Surrender of Right to Transact Intrastate Business](#) filed on behalf of each qualified disappearing foreign corporation. (California Corporations Code section [2112](#).) There is no filing fee for the Certificate of Surrender of Right to Transact Intrastate Business.

In cases when the party surviving the merger is a foreign corporation and the merger filing is made in accordance with the laws of the foreign jurisdiction, the merger proceedings are nevertheless subject to shareholder approval and dissenters' rights with respect to the disappearing California corporations. (California Corporations Code sections [1200 et seq.](#) and [1300 et seq.](#))

When the surviving corporation in a merger is a foreign corporation, the merger is effective in accordance with the laws of the foreign jurisdiction. The filing is generally effective with regard to a domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction, but only after an appropriate merger filing is made in California. However, if the date of filing in California is more than six months after the time of effectiveness in the foreign jurisdiction, or if the California corporation is suspended at the time of effectiveness in the foreign jurisdiction, the merger shall be effective as to the California disappearing corporation as of the date of filing in California.

The Secretary of State does not have authority to accept appointment as a corporation's Agent for Service of Process in California.

**California corporation survives the merger:** If a California corporation is the survivor in a merger, there are two alternatives for completing the merger filing. (California Corporations Code section [1108\(c\)](#).)

1. Submit an Agreement of Merger and officers' certificate for the surviving corporation and for EACH merging corporation. (California Corporations Code sections [1101](#) and [1103](#).) An officers' certificate must be prepared and attached for the survivor and for each merging corporation, even if the merging corporation is a foreign corporation not qualified in California.

- OR 2.** If appropriate, submit a Certificate of Ownership. (California Corporations Code section [1110](#).)

### **Additional Information**

A merger of a domestic corporation with a foreign corporation is subject to authorization to effect such a merger under the laws of the state of incorporation of the merging foreign corporation.

## Nonprofit Corporations

Provisions relating to the merger of nonprofit corporations are discussed in California Corporations Code sections [6010 et seq.](#) for public benefit corporations, sections [8010 et seq.](#) for mutual benefit corporations, section [9640](#) for religious corporations; and sections [12530 et seq.](#) for consumer cooperative corporations.

To effect a merger involving a nonprofit corporation, generally there must be filed with the Secretary of State a copy of the Agreement of Merger and officers' certificates (as defined by California Corporations Code section [5062](#) or [12241](#)) for the surviving corporation and for each disappearing corporation.

Attorney General notice and approval of mergers involving a nonprofit corporation, including prior written consent, is required in some situations. You should review the appropriate California Corporations Code provisions to ensure satisfaction of all legal requirements.

## Certificate of Merger General Information

The attached Certificate of Merger (Form OBE MERGER-1) may be used for the following mergers:

- **Limited Liability Company Mergers:** Mergers involving only limited liability companies in which one or more California limited liability companies is a party to the merger;
- **Limited Partnership Mergers:** Mergers involving only limited partnerships in which one or more California limited partnerships is a party to the merger; and
- **Interspecies Mergers:** Mergers involving “other business entities” in which one or more California corporations, limited liability companies, limited partnerships, or partnerships is a party to the merger. [The term “other business entity” is defined in California Corporations Code sections [174.5](#), [5063.5](#), [12242.5](#), [15911.01\(k\)](#), [16901\(12\)](#) and [17001\(ac\)](#).]

Upon the filing of the Certificate of Merger by the Secretary of State, the separate existence of the disappearing domestic or qualified/registered business entity shall cease in California.

Statutory filing provisions are found in California Corporations Code sections [1113\(g\)](#) (stock corporations); [6019.1](#) (nonprofit public benefit corporations); [8019.1](#) (nonprofit mutual benefit corporations); [9640](#) (nonprofit religious corporations); [12540.1](#) (consumer cooperative corporations); [15911.14](#) (limited partnerships); [16915\(b\)](#) (general partnerships and limited liability partnerships); and [17552](#) (limited liability companies). One or more business entities can merge only if each entity is authorized by the laws under which it is organized to effect the merger and at least one California domestic entity is involved.

There are a variety of filing requirements based not only on the types of entities involved in the merger, but also the domicile of the entities merging and whether or not any foreign (out-of-state) entities are qualified to transact business in the State of California. It is not feasible to provide information and sample documents for each set of circumstances. Documents must be drafted in accordance with applicable law, dependent upon the particular circumstances of the entities involved. Due to the complexity of merger transactions, it is recommended that the advice of private legal counsel, specializing in business entity matters, be consulted regarding the specific needs of the merging entities.

When preparing merger documents, regardless of the type of merger, be sure the entity name included in the documents is exactly as it appears on the records of the Secretary of State, including entity endings, punctuation and abbreviations. For mergers in which a California or qualified foreign corporation or limited liability company is a party to the merger, prior to filing please verify the status of the entity being merged, as merger documents **cannot** be filed on behalf of suspended/forfeited corporations or limited liability companies. (California Revenue and Taxation Code sections [23301](#), [23301.5](#) and [23775](#).) The status of the entity can be checked online on the Secretary of State's California Business Search at [kepler.sos.ca.gov](http://kepler.sos.ca.gov).

### Additional Information

If the surviving entity is a foreign limited liability company or foreign other business entity and a California (domestic) limited liability company is one of the disappearing entities: The surviving entity shall file with the Secretary of State (1) an agreement that the entity may be served in this state in a proceeding for the enforcement of an obligation of any merging entity and in a proceeding to enforce the rights of any holder of a dissenting interest or dissenting shares in a merging domestic limited

liability company or domestic other business entity; (2) an irrevocable appointment of the Secretary of State as the entity's agent for service of process, and an address to which process may be forwarded; and (3) an agreement that the entity will promptly pay the holder of any dissenting interest or dissenting share in a merging domestic limited liability company or domestic other business entity the amount to which that person is entitled under California law. (California Corporations Code section [17555\(g\)\(1\), \(2\) and \(3\).](#))

If a disappearing entity is a registered (domestic or foreign) limited liability partnership: The filing of a Certificate of Merger shall have no effect on the registered status of the entity on the records of the Secretary of State's office. To withdraw the registration, a Notice of Status Change (Form LLP-4) must be filed with the Secretary of State. (California Corporations Code sections [16954](#) and [16960](#).) Form LLP-4, along with filing information and instructions, is available on the Secretary of State's website at [www.sos.ca.gov/business/be/forms.htm](http://www.sos.ca.gov/business/be/forms.htm).

If no California entity is a party to the merger (all parties are foreign entities whether qualified or not): The Certificate of Merger may not be filed in California. If a disappearing entity in the merger is qualified or registered in California, to surrender or cancel the entity, it will be necessary to file a:

- 1) Certificate of Surrender – for foreign corporations;
- 2) Certificate of Cancellation (Form LLC-4/7) – for foreign limited liability companies;
- 3) Certificate of Cancellation (Form LP-4/7) – for foreign limited partnerships; or
- 4) Notice of Status Change (Form LLP-4) – for foreign limited liability partnerships.
